Information provided below is an accurate and current description of the water system at this address.

Please note if any of these items apply to your premise.

		YES	NO	?
1	Fire Protection System			
	with chemicals			
	alternate water system			
	booster			
2	Lawn Irrigation System			
	chemicals			
	booster			
3	Water Cooled Equipment			
4	Sewage Tanks or Pumps			
5	Chemical Hose Aspirators			
6				
7	Swimming Pool or Spa			
8	Truck or Tank Filling			
9	Industrial Fluid Systems (using H20)			
10	Steam Generating Equipment			
11	Photo Processing Equipment			
12	Laundry or Dye Equipment			
13	Petroleum Processing			
14	Premise Where Reclaimed and Potable			
	Water Provided			
15	Sand or Gravel Washing			
16	Premise with an Unapproved Auxiliary			
	Water Supply Not Interconnected with			
	the Potable Water Supply, i.e. Well			
17	Boiler			
	with chemicals			
	with feed lines			
	with circulator			
18	Heat Exchanger			
	double wall			
19	Solar Energy System			
	double wall			
20	Livestock Waters and Tanks			
21	Pressure Booster Pumps			
22	Wastewater Lift and Pumping Stations			
23	Steam Table			
24	Baptismal			
25	Water Storage Tanks or Reservoirs			
26	Premise with Separate Irrigation System			
	Using the Water Purveyor's Water Supply			
	with Chemicals			
27	Aspirators			
28	Air Conditioning Unit			
29	Radiator Flushing Equipment			

	Please list any water-using equipment not mentioned above.
